

fiberon[®] CountrySide Railing

Strong is stylish.

From its understated satin finish to its clever subrail reinforcement, CountrySide railing is the ideal balance of beauty and strength. The sculpted top rail imparts a touch of sophistication. Three color choices and two baluster infill options create multiple designs. The smart composite construction and protective bonded cap layer were engineered for performance and longevity.

- Refined satin finish adds elegance.
- Matching square composite balusters or black round aluminum balusters.
- Durable composite construction.
- Reinforced top rail provides a strong, sturdy feel.
- Hidden hardware gives a clean look.
- ADA handrail system available via special order.
- Lighting accessories sold separately.

Sold in line and stair sections* as follows:

- 6- and 8-ft. sections for 36-in. rail height.
- 6- and 8-ft. sections for 42-in. rail height.

These sections include top and bottom rails, sub-rails, balusters, crush blocks and holders, and mounting hardware.

Choose from beveled composite balusters or round aluminum balusters when selecting your railing section.

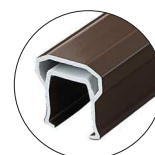

4- and 5-in. composite posts are available in kits which include post sleeve, cap and base moulding, or select parts individually.
